Dear P.A.

I know that I am behind in getting this email to you, but we have had a difficult time identifying who might actually be willing to go on the record about Crowder Gulf. Nonetheless, I am going ahead and responding to you in anticipation of our meeting on Thursday.

As it relates to Ashbritt, you should feel free to call the County Administrator in Charlotte County or Escambia County, both of which were ground zero, both of which were projects handled by Ashbritt. In the case of Charlotte County, we were the only contractor and the cleanup was seamless and referred to by many as a national model.

As for your existing pricing under the contract you have in place, we believe we could live with those figures and would be prepared to pay you a \$1,000.00 per day penalty for any non-performance.

We will obviously bring some materials to our meeting Thursday and we are prepared to enter into a piggyback agreement utilizing the Charlotte County contract, which contains the most favorable local government terms.

I look forward to seeing you and speaking with you again.

Sincerely,

**Ronald L. Book**
